Yes, I am available Wednesday to talk.

Skeo sent us the revised draft of the community involvement plan a few days ago. It is in fairly good shape but I'll provide some last feedback and then they'll start the formatting/graphic design process and have a final draft later this month. We wrote in their contract to revise again based on public feedback of the draft. That will likely be facilitated by my replacement. We can discuss more on Wed.

Thanks Mike

Robert,

I just heard from your email response. Wow, are you available Wed to talk? Are you going to have the CIC plan complete before you leave?

Mike

Subject: departure

Hey Mike,

Not sure if you've heard, but I am leaving EPA. My last day is this Friday. Moving to USFWS Region 6 (also includes Montana). No word on the CIC replacement for CFAC. We should talk so that I can make the transition as smooth as possible. I think we are already in pretty good shape but wanted to discuss with you. And to say goodbye. I really enjoyed working with you Mike. I am going to miss it. I hope our paths cross again.
